

FEBA ANNUAL CONVENTION 2023 Are European Food Banks at a critical crossroads?

In collaboration with Federación Española de Bancos de Alimentos

27-29 September 2023 | Madrid, Spain

Venue: Hotel Madrid – Centre Retiro

Background concept

Do the quantities of surplus food recovered keep up with the increased demand for food from charities? Do we innovate and double-down our efforts and focus on securing even more of the surplus food that would otherwise go to waste? Do we pivot our organisation’s mission and focus more on the social issue of material deprivation than the environmental issue of food waste? Or does this crisis mean we are being driven to rethink the core values – giving, sharing, European solidarity, and fighting food waste – of Food Banks today?
